The box is positioned in the upper left corner of the slide, with a stylized circuit board pattern of white lines and circles extending from it across the left side of the background.

ELFRI

TRACKING-TRACEABILITY SYSTEM

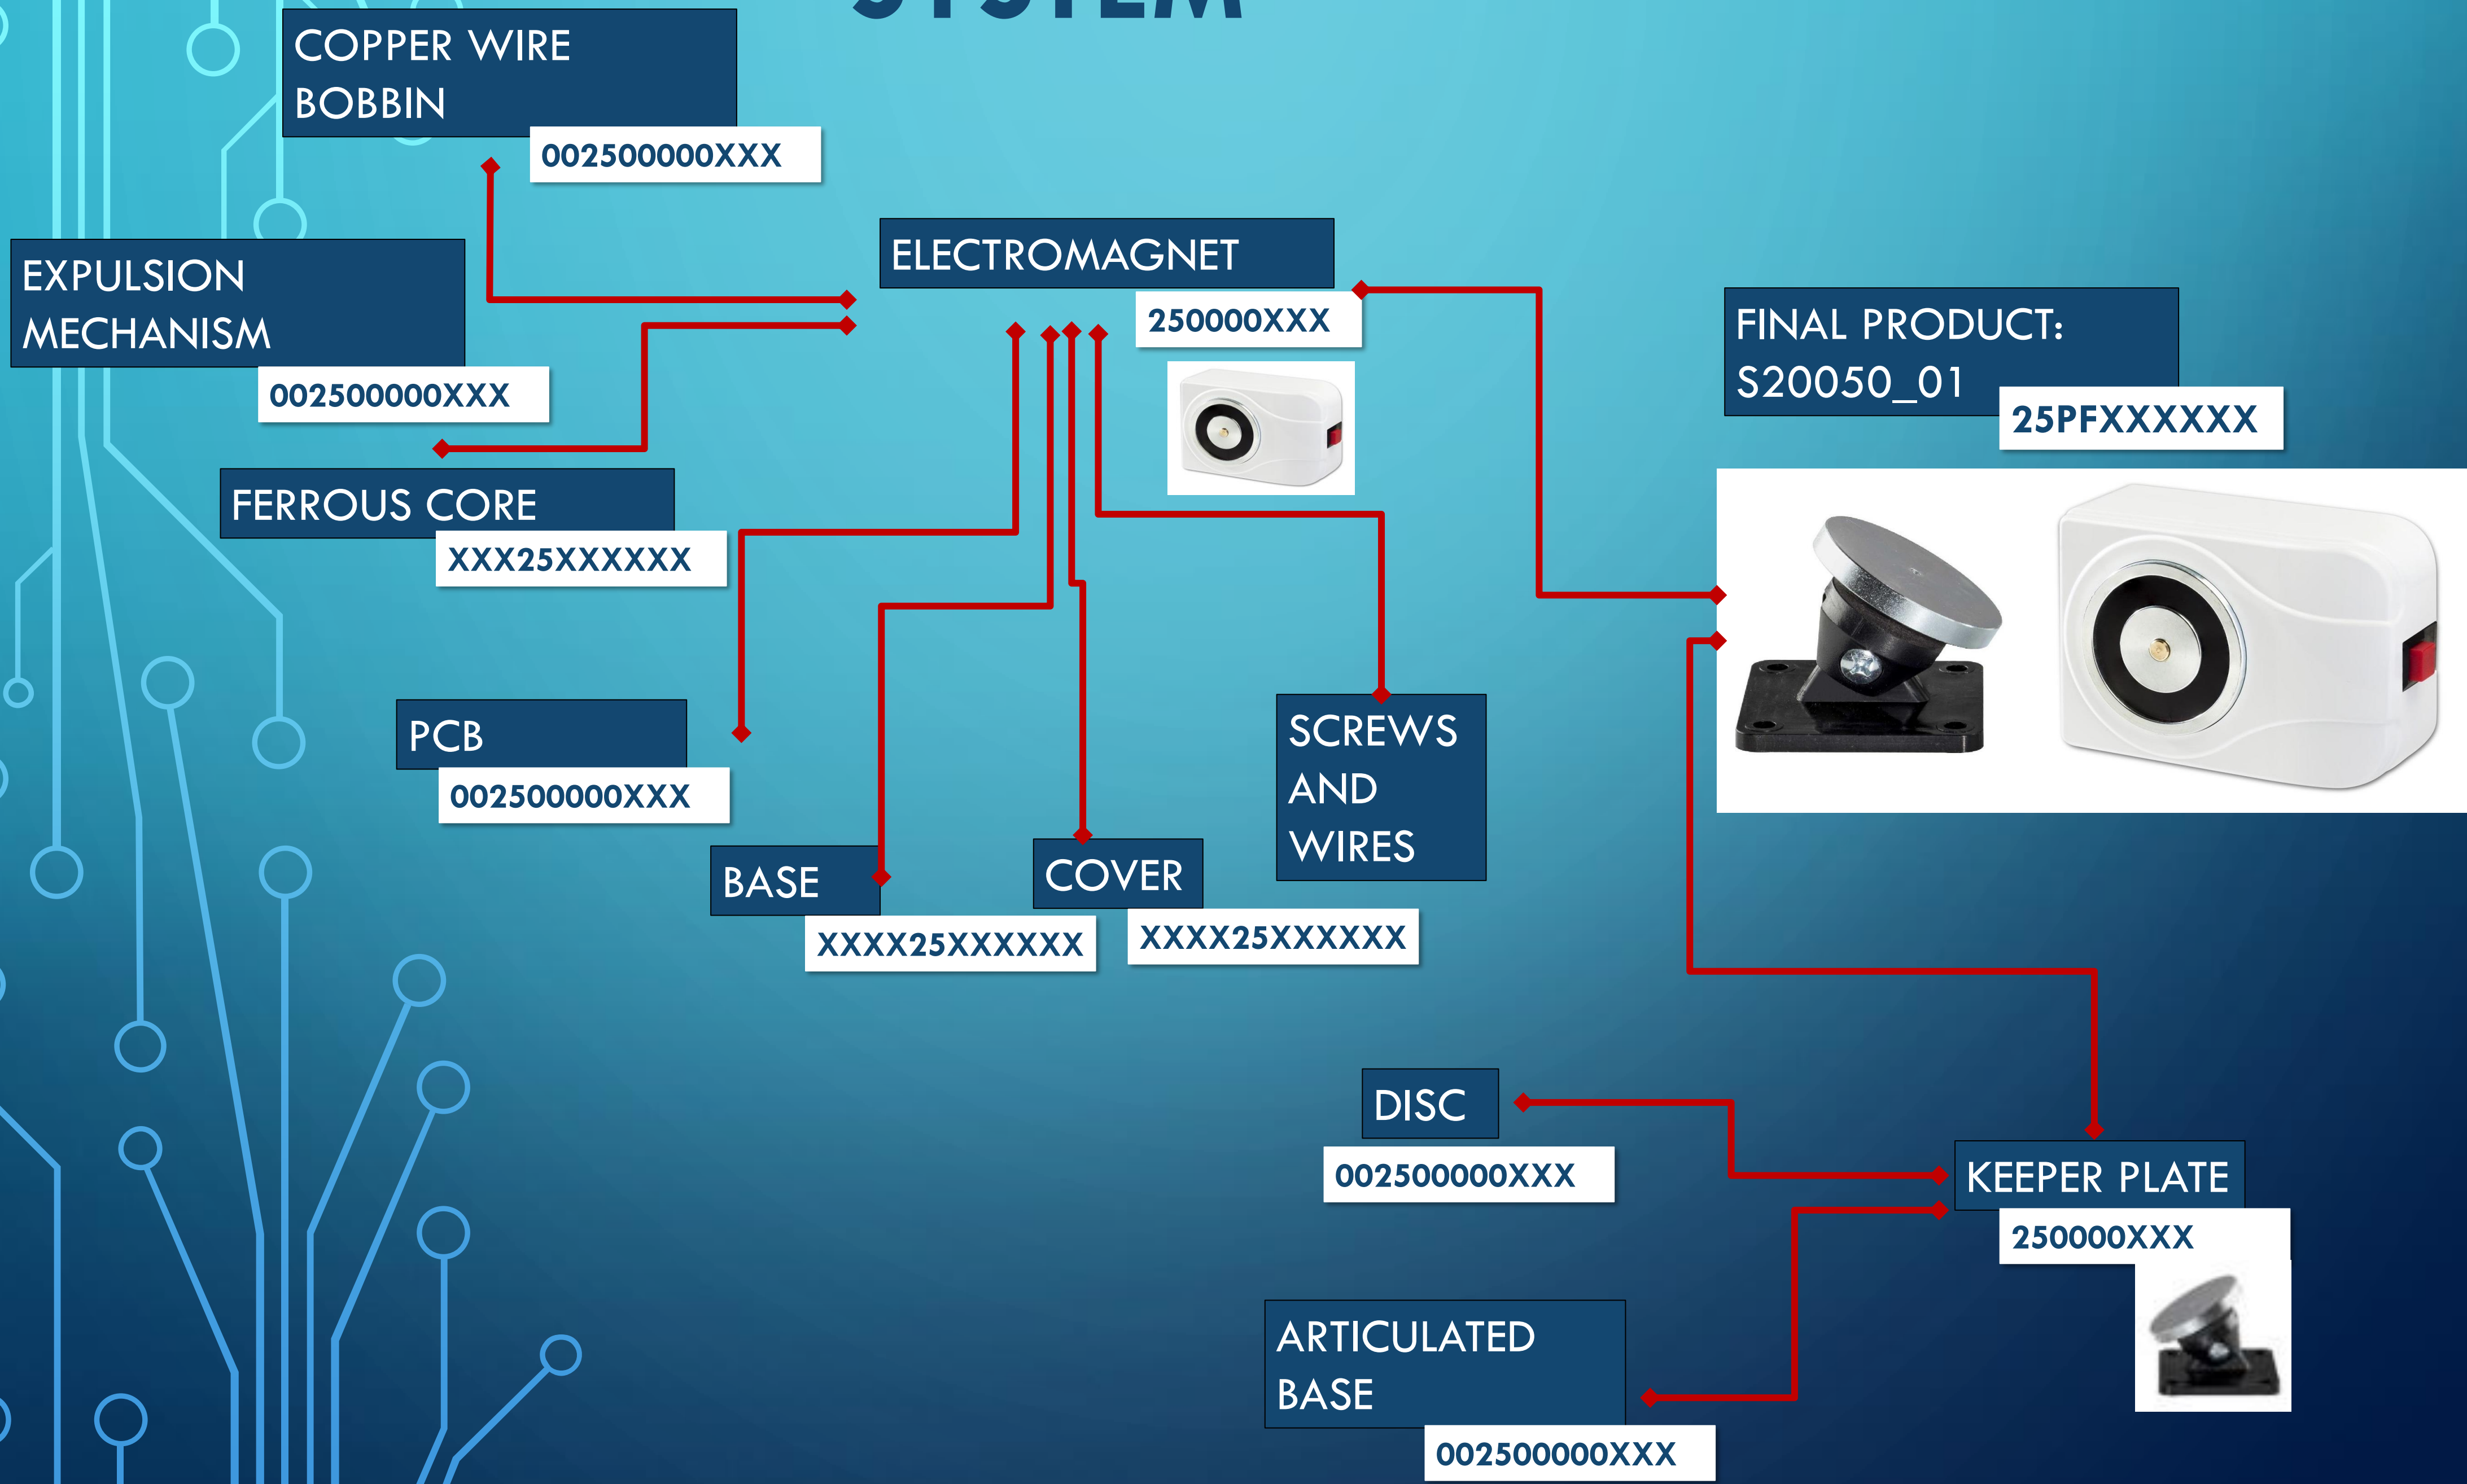

... A fire door holder, for example, is made of several components:

- some of them are incoming material**
- some of them are semifinished products internally made**

They are all classified with a batch number and they all concur to produce the final product (PF)

ELFRI

TRACKING-TRACEABILITY SYSTEM

A batch number identifies an homogeneous set of final products (i.e. fire door holders) made with same batch components

A serial number (S/N), instead, identifies each and any single part and it's unique!

The ELFRI logo consists of the letters 'ELFRI' in a bold, white, sans-serif font, centered within a dark blue rectangular box. The box has a thin white border. The background of the slide features a light blue circuit board pattern with various lines and nodes.

TRACKING-TRACEABILITY SYSTEM

You can find the fire door holder's S/N directly on the label that is provided on the single box and on the single electromagnets.

Recently the readability has been improved with the adoption of a datamatrix code

The logo for ELFRI, consisting of the letters 'ELFRI' in a bold, white, sans-serif font, set against a dark blue rectangular background with horizontal stripes.

TRACKING-TRACEABILITY SYSTEM

Our customers are also provided with the list of batches, along with the delivery note. This way they can keep their own records of traceability

TRACKING-TRACEABILITY SYSTEM

Why is this system so important?

1. Compliance to EU standards: traceability allows for a prompt recognition and correction of any non-compliance as requested for example by EN 1155
2. Prevention: once a non-compliance on a particular batch of material is detected, the whole batch can be withdrawn from the market for further examination without risks for the users
3. Analysis of the possible cause of non-compliance with the goal of improving quality

The logo for ELFRI, featuring the letters 'ELFRI' in a bold, white, sans-serif font. The letters are contained within a dark blue rectangular box with horizontal stripes. The background of the entire slide is a gradient of blue, with a circuit board pattern of white lines and circles on the left side.

TRACKING-TRACEABILITY SYSTEM

this system allows also for a correct warranty
management

... and more!
